

Equalizer[®] Surge Dampeners

INTEGRATED SD SERIES (ISD)

Where Innovation Flows

WILDEN[®]

Wilden[®] Equalizer[®] Surge Dampener - Integrated SD Series (ISD) features a design that integrates the dampener directly into the manifold of Wilden's 13 mm (1/2") and 25 mm (1") P100 and P200 Pro-Flo Series bolted plastic pumps.

The new ISD Series dampeners have been engineered to help extend the life and reduce noise while having the capability to easily screw onto the top of your pump without any additional hardware or piping changes.

The Wilden ISD dampeners are made to be convenient: convenient to use, convenient to install, convenient to order.

FEATURES AND BENEFITS

- Designed to integrate directly with pump
- No additional connecting elements* or piping changes needed to install dampener
- Extends pump life and reduces noise
- Offered in sizes 1/2" and 1"
- Material of construction: Polyethylene
- Attractive pricing, with higher discounts when ordered with your Wilden pump**

* Note, to retrofit current pumps in field, top manifolds will need to be tapped.

** Contact your distributor for details

Wilden Bolted Plastic Active Pulsation Dampeners

SELECTION CHART

Item Code	Nomenclature	Product Description	Diaphragm Material	Max Pressure	Ship Weight
66-001	ISD100/EZYYY/EPL	1/2" Bolted Plastic Dampener	EPDM	6.9 bar (100 psig)	0.9 kg (2 lb)
66-002	ISD100/EZYYY/LEL	1/2" Bolted Plastic Dampener	PTFE	6.9 bar (100 psig)	0.9 kg (2 lb)
67-001	ISD200/EZYYY/EPL	1" Bolted Plastic Dampener	EPDM	6.9 bar (100 psig)	2.6 kg (5.8 lb)
67-002	ISD200/EZYYY/LEL	1" Bolted Plastic Dampener	PTFE	6.9 bar (100 psig)	2.6 kg (5.8 lb)
